

City Budgeting for Open Space Acquisition

Village Laguna's Letter to the City Council, June 2015:

Village Laguna commends the City Council for taking proactive steps to acquire additional open space by adopting an annual funding proposal to do so. Your decision is in line with policies adopted by prior City Councils to set aside funds annually for such purposes.

You clearly understand that Laguna's greenbelts and open spaces contribute to our residents' high property values, set our city apart from neighboring cities with their densely packed housing, and contribute to the health and well-being of both our citizens and the wildlife that open space provides. And because the remaining parcels are in close proximity to many of our neighbors, you can be assured of their appreciation.

Thank you for your foresight.

Sincerely, Johanna Felder, President, Village Laguna
